Introduction

The following self-evaluation document is designed to assist the department/school in conducting a thorough self-assessment and reviewing its performance. The document is divided into several sections; each relates to a different aspect of the self-evaluation process.

The document uses the 5-point Likert scale questions and statements to allow the department/school to present a clear view of its self-perception and analysis.

Each section includes:

- 1. Review and description of the current state of the department/school, based on a number rating scale.
- 2. Strengths and weaknesses/challenges identified during the self-evaluation process.
- 3. Strategy for addressing the identified weaknesses and challenges, as well as a strategy for future development.
- 4. Supporting documents.

To answer the self-evaluation successfully, departments/ schools should take the following measures:

- The department/school should assess its performance in every one of the sections.
- The department/school should explain its quantitative assessment based on the self-review process, identifying strengths and challenges, and relevant supporting documents. The explanation should not exceed the designated space.
- The report should be written in a uniform font, size 12, 1.5 line spacing.
- All supporting documentation (including the attached Excel tables) should be included in an appendix unless indicated otherwise.
- Official documents can be submitted in Hebrew. If the document is available in English, please provide it along with the Hebrew version.
- If a question or table is irrelevant, you may answer as such but must explain why.
- All answers should be complete, i.e. include the question in the response and reply in full.
- The self-evaluation and data collection answers must be submitted in English.
- CVs and Syllabi must be submitted in English.
- The self-evaluation report must be approved by the president/rector in an attached cover letter.
- Please submit the self-evaluation report via a digital sharing tool (e.g. Dropbox or Google Drive). A
 detailed explanation on submission can be found in the Guide for submission chapter at the end of
 this document.

Executive Summary

- A. A summary of the main strengths and weaknesses/challenges that were identified during the self-evaluation process.
- B. A short description of the actions that the institution, the parent unit, and the department will take to improve the weaknesses and tackle the challenges that were found.
- C. A summary of how the study program has achieved its mission, goals, and learning outcomes. Do the results comply with its mission statement?

1. The institution and the parent unit

- 1.1. A summary describing the institution and its development since its establishment; the date of recognition by the Council for Higher Education; details of the campus/es where the institution's teaching activities take place (number and location).
- 1.2. Mission statement, aims, and goals of the institution.
- 1.3. The name of the parent unit, its mission statement, aims, and goals.
- 1.4. What is the decision-making process for developing and updating the parent unit's mission, aims, and goals? How are they reviewed and monitored?

Supporting documents:

- I. A chart of the institution's organizational structure and the names of senior academic and administrative positions holders.
- II. Table 1 Number of students and faculty members in the Institution (Excel appendix).
- III. List the committees operating within the parent unit and their composition (representatives of which departments/bodies are members).
- IV. A chart of the unit's academic and administrative organizational structure (including relevant committees), names of senior academic and administrative positions holders, and a list of departments/study programs operating within its framework.
- V. Table 2 Number of students and faculty members in the Parent Unit (Excel appendix).

3.8. Ultra-Orthodox Study Program

Outline:

- 1. Overview
- 2. The Study Program
- 3. Faculty
- 4. Students
- 5. Infrastructure

3.8.1. Overview

- A. A summary describing the study program: name; date of accreditation and opening; the campus/es where the study program takes place; the connection between the ultra-orthodox and the regular program.
- B. Describe the modifications made in the regular program to adapt it to the Ultra-Orthodox population (e.g. preparatory pre-academic program, faculty, location, tutoring, training for faculty, etc.). Specify the challenges of ensuring that the programs correspond.
- C. What are the strengths and weaknesses of the program? What actions are taken and planned to address them?

3.8.2. The Study Program

- A. Specify the differences (if exist) in the structure and content of the study program compared to the regular program (Number of semesters, courses/credits required, offered elective courses, different parent unit or supervision? etc.).
- B. Describe the rationale for the differences, and the mechanisms to ensure the study programs correspond.
- C. Describe the methods for evaluating the achievements of students in the study program. What are the differences from the regular program (if any exists), and what are the reasons for it?
- D. Final project and/or practical training: describe the requirements; guidance; and evaluation. Please address the differences (if any exist) from the regular program.

3.8.3. Faculty

A. Is the faculty in the ultra-orthodox program different from that in the regular program? Indicate any constraints related to choosing the teaching staff in the program (Gender, sector, academic degrees, etc.), and their implications.

3.8.4. Students

- A. Describe the pre-academic preparatory study programs for the ultra-orthodox program. Please address the admission and graduation regulations, and the curriculum.
- B. To what extent are the student support services given in the ultra-orthodox program similar to the services given in the regular program?
